YOUR FLIGHT PLAN

1

Gain your level 3 & 4 qualifications

When you gain NCEA level 2, you can enrol on our NZ Certificate in Tourism or Aviation level 3 (20 weeks), then pathway to our NZ Certificate in Travel level 4 (21 weeks). You will need to get your learners license.

Part-time work experience & license

2

We recommend you gain part time work experience. 2 years is usually the preferred by airlines. ITC will support students to be prepared for this. Work toward your full license. This is a requirement.

3

Attend an open day or recruitment event

Our graduates will get information about upcoming airline open days. ITC hosts such events on campus so our students get to meet recruiters of the airline and helps you get to that interview stage.

Submit your application & meet the requirements

4

Airlines have their own careers website. Learn about the airline and research where they fly to, what aircraft they have and what they require before you apply. Our team help you with this and support your application.

5

Start working in the job of your dreams!

Graduates of ITC currently work for a number of airlines and travel the world. Make the most of every opportunity and your dreams will come true.
