

ALLISON JONES

ACADEMIC & QUALITY COORDINATOR

Hi, I'm Allison Jones a tutor at the ITC City Campus. I have a passion for travel and tourism which led me to pursue my Bachelor in Tourism Management & Business at AUT in 2014. Graduating was an unforgettable experience and was a major milestone in my life. I went on to work in different areas in the travel industry - Conference & Events at Rydges Hotel here in Auckland. Then Air New Zealand as a call centre travel agent. I then found my passion for teaching!

My first official tutor role was at Best Pacific Youth Academy as a tourism tutor. The academy gave me an opportunity to use my experiences in the industry and life itself to relate to and help others, including our 'at risk' youth, by changing mindsets to strive for the best. One of the real highlights for me was watching these students flourish and go onto achieve dreams they never thought possible before making the decision to study.

I believe it is all about making the most of your opportunities in life, don't turn it down just because it may be out of your comfort zone, because until you push those boundaries you will never know what you're truly capable of. It could be the start of something amazingly life changing.

You only have 1 life, create your legacy!

My journey here at ITC is another opportunity to make a difference and leave an impact on those who are the future of the travel and tourism industry - our students.
